THE PACIFIC TELEPHONE AND TELEGRAPH COMPANY

BUSINESS OFFICE

December 11, 1941

Dear Subscriber:

On December 10 a new central office for Lafayette was placed in service and the telephone numbers of all subscribers in that exchange were changed in order to function with the new equipment.

For your convenience in calling Lafayette numbers we are enclosing a temporary telephone directory which contains the new numbers of all Lafayette subscribers. Please use this temporary directory when

EMERGENCY CALLS

To Report a Fire dial.....4421
For the Police Dept. dial....."Operator"
For an Ambulance dial....."Operator"

In an emergency, please dial the telephone number of the emergency service you desire.

OR . . . If difficulty is encountered, dial "Operator" and say

"I want to Report a Fire" *"I want a Policeman"* *"I want an Ambulance"*

giving your telephone number and the address where the emergency exists, an attempt will be made to connect you with the required number.

For other than emergency, consult the Alphabetical Section of the Directory.

FEDERAL BUREAU OF INVESTIGATION

For the Telephone Number or Address of the nearest Federal Bureau of Investigation Office dial . . . "Operator."

How to Use the Dial Telephone in Lafayette and Other Important Matters

1. OBTAIN THE CORRECT NUMBER FROM THE DIRECTORY

If the number desired is not found in the directory, dial "Operator" and ask for "Information."

2. LISTEN FOR THE "DIAL TONE"

Lift the receiver, being careful not to jiggle the hook, and listen for a steady "Humming" sound, called the "Dial Tone." It will usually be heard immediately or within a few seconds after lifting the receiver. DO NOT BEGIN TO DIAL UNTIL YOU HEAR THE "DIAL TONE."

3. HOW TO DIAL

For example, to dial 2071. Keep the receiver to your ear. Place your finger in the opening where the figure "2" appears, and turn the dial UNTIL YOUR FINGER STRIKES THE FINGER STOP. Release the dial and allow it to return to its normal position. DO NOT FORCE OR RETARD THE RETURN MOTION OF THE DIAL as this may result in a connection to a wrong number. Dial each of the remaining figures 0, 7, and 1, in the same manner.

If you realize that an error has been made before dialing is completed, replace the receiver and after waiting a few seconds, lift the receiver and when you hear the "dial tone," dial the number again.

4. LISTEN FOR THE "RINGING" OR THE "BUSY" SIGNALS

After dialing a number, listen for a signal.

If the called line is not busy, you will hear a "burr - rr - ing" sound at regular intervals. This is the "ringing signal" and indicates that the called telephone is being rung. If the called party does not answer within a reasonable length of time, replace your receiver to release the line.

If the called line is in use, you will hear a steady "buzz-buzz-buzz" sound. This is the "busy signal." When you hear it, replace your receiver and call again later.

5. REPLACE THE RECEIVER WHEN THROUGH TALKING

Always replace the receiver for a few seconds between calls to allow the equipment to return to normal.

(Continued on Next Page)

How to Use the Dial Telephone in Lafayette and Other Important Matters-(Continued)

6. TO MAKE AN EMERGENCY CALL IN THE DARK

Lift the receiver, listen for the "dial tone," and then place your finger in the first dial opening below the finger stop. Dial this figure (zero) to reach an operator. When she answers, explain the situation, giving her your number and she will assist you.

7. TO CALL INFORMATION

Dial "Operator" and ask for "Information."

8. TO CALL REPAIR SERVICE

Dial "Operator" and ask for "Repair Service."

9. TO PLACE OUT-OF-TOWN CALLS

Dial "Operator" and give the call to the operator who answers.

10. HOW TO TRANSACT BUSINESS WITH THE COMPANY

Telephone Accounts may be paid at the Lafayette Pharmacy, Tunnel Road, Lafayette.

All other business transactions may be handled by dialing "Operator" and asking for "Business Office", or by personal call or letter to the Martinez Business Office, 736 Ferry Street, Martinez.

11. MISCELLANEOUS CALLS

To call Pacific Telegraph, secure the time of day, request rates and charges on long distance calls, or for other miscellaneous requests, dial "Operator" and ask her for the desired service.

The charge for time service will be the same as for any other local call.

12. TO CALL ANOTHER TELEPHONE ON YOUR PARTY LINE

If you are using a TWO or FOUR-PARTY LINE, dial "Operator" and tell her you wish to call another party on your line, giving her the telephone number of that party. The operator will ask you to replace the receiver while she rings the called party. Wait long enough for the called party to answer, then lift your receiver and begin conversation.

If you are using a TEN-PARTY LINE, dial the telephone number of the called party. When you complete the dialing you will hear the busy signal. Immediately replace the receiver. Your bell and that of the called party will then ring at regular intervals. When the called party answers, ringing will stop and you should lift your receiver and begin conversation. If no answer is received after a reasonable period, you may stop the ringing by lifting your receiver momentarily and replacing it.

13. CALLING FROM A COIN BOX TELEPHONE

Instructions are posted on or near each coin box to tell how to place calls. Please report any service difficulties or coin collection error to the operator.

14. DIRECTORY ACCURACY

Every effort is made to compile and print this directory as accurately as possible. However, sometimes despite care and attention, errors will occur.

Please check your listing in this directory. If it is incorrect in any way, please call our Business Office so that it may immediately be corrected in our Information Records as well as in subsequent issues of the telephone directory. The Company does not assume liability because of errors or omissions.

THE CONSTANT AIM OF THE BELL SYSTEM IS TO GIVE YOU, AT ALL TIMES, THE BEST AND THE MOST TELEPHONE SERVICE AT THE LOWEST POSSIBLE COST

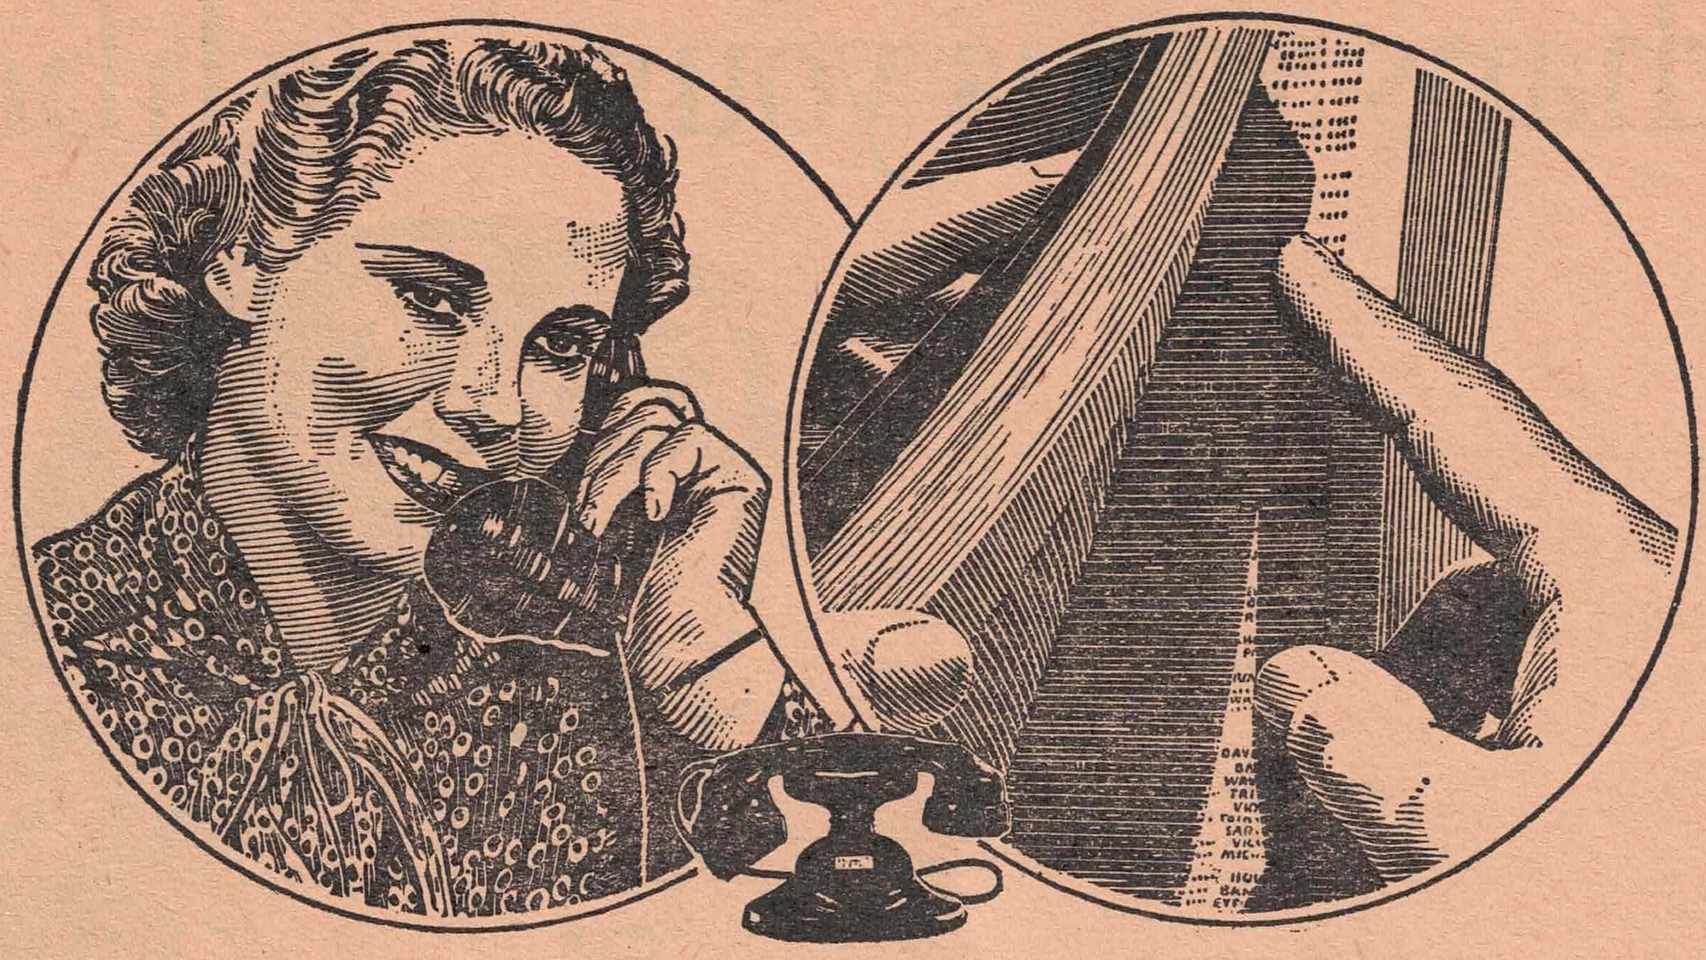
Perhaps she is your neighbor

"The voice with a smile" is a person you'd like. Perhaps she's your neighbor next door.

She works for the telephone company. That means, she works for you. The skill in her fingers comes from experience, and from careful training with good apparatus. But the courtesy in her voice is largely instinctive.

We selected her to be a telephone worker, serving you, because she is deft and accurate, has a smile in her voice, and *likes* to serve folks well.

THE PACIFIC TELEPHONE AND TELEGRAPH COMPANY



PLEASE MAKE SURE OF THE RIGHT NUMBER

It's easy for memory to play tricks! A mistaken number not only calls somebody to the telephone unnecessarily, but takes up your own time as well.

A glance at the telephone directory will verify that number or save calling the wrong person. A few seconds well spent!
